Plate binding

For shoe sizes ca.
36-48*

1. pull out black lever add the rear end of the binding

2. position the metal holder to fit your boot size. And push black lever (1) back in to secure the position. **MAKE SURE BOTH** footski have the same sizing!

3. Get in with heel first. Hold your footski on safety strap to open the rear metal holder.

4. Close the front buckle

5. Secure the safety strap to your boot

Notice:

A) please always hold the footski on the safety strap to prevent run a way situations.

B) always put the footski down above your Snowbike upside down to prevent run away situations.

* depends on shoe type and producer and may vary for different shoe models.

Things you should know

Fun

Winter sports offer a lot of variety and fun. Always be aware that sports in general may be risky. For your personal safety please make yourself confident with the responsibility code and owners manual.

Workshop

To control and enjoy your Snowbike[®] we highly recommend to attend a Snowbike Workshop with a professional Snowbike[®] trainer. How to load a Snowbike[®] onto the lift and various riding techniques will be taught. **Snowbike[®] a smile after every run is guaranteed.**

Responsibility code

Please find out about national or local regulations and laws before you operate your Snowbike[®].

Health Care

Riding a Snowbike[®] is fun. If you have any health concerns, please consult your doctor first.

Warning

Check your Snowbike[®] prior to every run. Your Snowbike[®] is exclusively designed for use on groomed slopes only. Please stay on designated slope areas only. Always keep both hands on the handle bar and hold tight. Do not use your Snowbike[®] without footskis. No passengers allowed. Do not replace or change any original parts on the Snowbike[®] with non-Brenter parts. For your own safety and the safety of other slope users do not jump with your Snowbike[®]. Always stay in control of your speed.
